- **Adobe Photoshop**
- **FETCH API**
- **Responsive Web Design**
- **SCRUM**
- **Agile**

## LANGUAGES

- **English**
- **Bahasa Melayu**
- **Tamil**

## PROFESSIONAL EXPERIENCE

**Front End Developer** / Arinaa Kambyan Bhd

**(08/2022)-(06/2023)**

- Led and collaborated with a team of 4 Front-End Developers to develop the entire front-end interface of a website, based on provided UI designs, resulting in a functional and visually appealing product.
- Created a reusable component library to facilitate consistent and efficient development across the website, promoting overall consistency.
- Integrated the Leaflet API library to incorporate advanced interactive maps into the website, enhancing the user experience through API integration.
- Participated in discussions with the UI/UX Designer to evaluate the feasibility of proposed UI designs within the chosen framework and tools, offering valuable feedback for successful project delivery.
- Collaborated with Back-End Developers to identify and integrate required APIs into the front-end framework of the website.

- Followed Agile and Scrum methodology to ensure effective project management and collaboration within the team.
